

Muskaan's BRACE Road Safety School Education Program: Trained 60 Teachers from 55 Government Teachers from 13 Blocks of Jaipur District:

Returning to our NGO for its second successful year, BRACE Project organized a comprehensive 2-day Teachers' Training (ToT) at The Fern Hotel, Jaipur. The inaugural ceremony was graced by guests from the Jaipur Police and the Education Department, Rajasthan. Building on our previous efforts, this year's initiative brought together 60 dedicated teachers from 55 Govt. schools.

Shri Shantanu Bhasin - Managing Trustee of Muskaan welcoming Chief Guest, Shri Pradeep Mohan Sharma, IPS - Additional Commissioner of Police, Traffic and Administration, Jaipur along with Dr. Mridul Bhasin - Trustee Muskaan Foundation for Road Safety

During the program **Dr. Gora, HOD of the Trauma Centre, SMS Hospital**, conducted a vital hands-on training session on Basic Life Support. Additionally, **Shri Prem Singh from Jaipur Traffic Education Cell** provided an in-depth understanding of the Motor Vehicles Act (MVA) 2019, detailing important rules, sections and traffic signage.

BRACE Road Safety School Education Program - awareness at grassroot level in classrooms

Mahatma Gandhi Govt. School Saipura

Govt. Senior Secondary School Ashawala

Under the Bosch Project, we recently successfully conducted a series of educational sessions across multiple government schools. These interactive workshops focused on essential life skills, providing students with critical knowledge on road safety, understanding traffic signages, and Basic Life Support (BLS) techniques.

Mahatma Gandhi Govt. School, Beelwa

Mahatma Gandhi Govt. School Chhitroli

Mahatma Gandhi Govt. School Luniyawas

MGGS Pratap Nagar sec 19

MGGS School Jagatpura

Our team hosted impactful sessions across Govt. schools, successfully achieving a total outreach of 2000+ students. The sessions comprehensively covered road safety rules, the importance of traffic signage, and crucial Basic Life Support (BLS) training to ensure our youth are prepared and protected.

Community Road Safety Awareness: BRACE Reaches 5,000+ People Across Villages

Under the BRACE Road Safety Program, dedicated awareness and engagement sessions were conducted by Muskaan's trainers at the Gram Panchayat level, reaching people from across the village community. The programme brought together villagers, youth, women, local representatives, and other community members for interactive discussions and demonstrations on everyday road safety concerns, helmet and seat-belt use, speeding, safe travel practices, emergency response, and Basic Life Support. With a cumulative outreach of 5,000+ people, the initiative has helped take essential road safety knowledge directly to rural communities and encourage responsible behaviour among village residents.

Baseline Survey of Students in Government Schools in collaboration with Education Dept.

Under Project BRACE, baseline surveys are being conducted for students in Classes 5th–8th and Classes 9th–12th across selected government schools. The survey assessed their existing road safety knowledge and awareness, helping identify age-specific learning gaps and plan relevant classroom sessions.

Road Safety Awareness Activities at Albert Hall Jaipur and Poornima College of Engineering

Albert Hall Nukkad Natak Program

A Nukkad Natak was organised at Albert Hall to spread road safety messages among the public. Through nukkad natak, we reached out to over 100+ people directly and over 500 people indirectly. Additionally, a road safety awareness workshop was conducted for engineering students of the **Poornima College of Engineering**. The session made students aware of defensive driving, legislation, traffic signage, and licensing procedures.
